

## 2011 RHC Update Seminar Registration Form

The 2011 RHC Update seminar will update you on the latest RHC regulations (final regulations regarding RHC Conditions of Participation should be released by the date of the seminar and we will review them in detail including how to implement a quality improvement plan as required by the regulations). The changes in these regulations could potentially strip your RHC of RHC status. Additionally, RHC Cost Reporting has had some major changes in reimbursement over the last year that will directly effect your cost report and we need to inform you of the potential impact of these changes (these changes have already cost one RHC \$150,000 in Medicare reimbursement).

Please complete the following registration information

### Tell us about yourself

Name	
Name of 2nd attendee	
Name of 3 <sup>rd</sup> attendee	
Clinic	
Address (1)	
Address (2)	
City, State, Zip	
Telephone
