Speaker, Mark Lynn

For many years now, Rural Health Clinic administrators, physicians, nurse practitioners, and billing personnel have been coming to the RHC Update seminars presented by Healthcare Business Specialists. When Riverbend GBA lost the rural health clinic contract a wealth of information and resources disappeared on billing and cost reporting. After several years of letting Riverbend educate the provider community, we started our RHC Update seminars again and were pleased that the seminars received their highest ratings ever. We look forward to seeing you at one of the Update seminars or one of our RHC Billing Seminars.
